

# The North East Growth Hub: Peer Networks Service

## Information Collection and Storage, Data Processing and Data Sharing

### Part 1: Information Collection, Storage and Processing

#### About

The North East Growth Hub's Peer Network service is part of the North East Growth Hub's business support provision operated by the North East Local Enterprise Partnership (**North East LEP**) with investment from the Government's Department for Business, Energy and Industrial Strategy (**BEIS**). Peer Networks provides businesses with facilitated group Action Learning sets and one-to-one coaching support to help your businesses achieve its goals. Through the service, our facilitators create a group environment to engender peer insight to the specific business challenges faced by your business. The administrator of the service is North of Tyne Combined Authority.

#### What information do we collect, store and process?

To be able to provide our full Peer Networks service to you, we collect, store and process a small amount of personal information about you, as well as details about your business and details of any assistance that we provide. The lawful basis on which we process your information is public task. The government established Local Enterprise Partnerships to drive sustainable private sector-led growth and job creation. The Peer Networks service supports the North East LEP in fulfilling this public function. The condition for processing special category data such as ethnicity and health information is explicit consent.

Much of the information that we collect, store and process will have been provided by you, as our customer, when you contact us or when you engage with one of our facilitators. We may gather some additional information about your business from publicly available sources to help us to tailor our support to your specific needs.

To be able provide our full Peer Networks service to you, we collect, store and process the following information:

- Business name
- Address including postcode and website address
- Contact name
- Email
- Telephone number(s)
- Position (job title)
- Company registration number or other unique reference number (HMRC VAT registration number/HMRC employer's number/PAYE reference number)
- Month and year business started trading
- Sector
- Whether the business is single-site or multi-site
- Annual turnover
- Number of employees (number in Full Time Equivalents)
- A brief description of the business
- Your comments on your current and future business growth opportunities
- Our comments on the growth or scaleup potential of your business
- Business support/finance or funding referral information: purpose of referral, date, summary and an indication of whether the referral is taken up
- Client satisfaction and referral satisfaction scores that you give us
- Gender, disability, ethnicity and age information you provide to us (leadership level only)
- Additional information about your business that we create from other publicly available sources.
- Other relevant business information, as discussed with you.

#### Why do we need this information?

- We use the information you give us to help us provide a high quality and appropriate service which is tailored to your specific circumstances.
- We use your information to manage our relationship with you effectively, lawfully and appropriately.
- As a government-funded service, we need to collect, store and process information and are required to retain details for audit purposes.
- Because our service is government funded, we are asked to share this information with BEIS and their evaluation partners for the reasons outlined in Part 2: Information and Data Sharing, below.

## Where do we store your information?

We store information in a customer relationship management (CRM) database and in electronic and paper files. We keep your information secure by taking appropriate technical and organisational measures against unauthorised or unlawful processing and against its accidental loss, destruction or damage.

## Part 2: Information and Data Sharing

We are required to share the information we collect with BEIS, our government funder and their chosen evaluation partners. We need to do this:

- For monitoring and evaluation purposes in relation to the North East Growth Hub and the Peer Networks service
- For matching to other data sources to understand more about businesses like yours and to examine general patterns and trends
- For the purposes of monitoring and evaluating the ongoing impact of Growth Hubs and the Peer Networks programme nationally.

In order to provide a quality service to you, we may share your information with select members of our Growth Hub Provider Network, see <https://www.northeastgrowthhub.co.uk/business-support/> and <https://www.northeastgrowthhub.co.uk/finance-and-funding>

Occasionally we might connect you by email or telephone (please note calls are recorded and are saved on our secure telephone service, the recording is only used for our purpose only and not shared) with other organisations which we believe, based upon our discussions, are appropriate and relevant to supporting your business needs. In order to do that, we will share your contact name, business name, contact details and an overview of the issues. No further personal information would be shared.

## Part 3: Our commitment to you

The Peer Networks service is operated by the North East LEP. We are committed to ensuring that we collect, store, process and share your personal and business data in accordance with our Data Collection and Security Principles. These principles stipulate that:

- i. We will comply with all requirements of all applicable data protection laws.
- ii. We will aim to follow best practice in all aspects of personal data collection, storage and processing.
- iii. We will keep you informed of the purposes for which we are processing your data, and we will seek your consent where appropriate and necessary. Where we collect and use data for another purpose, we will inform you of this. We will provide general information to you on your rights under data protection legislation.
- iv. We will hold the minimum personal data necessary to carry out our functions, and we will make every effort to ensure accuracy of the data. Where we record opinions or intentions, these will be carefully and professionally expressed. Data which is no longer required will be securely destroyed in accordance with relevant retention and disposal schedules.
- v. We will only use your data for the direct promotion or marketing of goods and services with your consent.

A copy of our full Privacy, Cookies and Fair Processing Policy can be found on our website at: <https://www.northeastgrowthhub.co.uk/themes/growthhub/assets/privacy-cookies-fair-processing-policy.pdf>

## Part 4: Summary

By engaging with our services, you confirm that you understand that the North East LEP, the North of Tyne Combined Authority and the Peer Networks service will collect, store, process and share your personal and business data for the purposes stated above, as set out in the table below. We will manage all your information in accordance with our information governance policies and in compliance with the General Data Protection Regulation.
